D. Text Production

1. Express your own ideas.

Would you like to be famous?

On the one hand I would like to be famous because first of all you earn a lot of money. I would be able to buy everything I want and I think that would be great. Another reason why I would like to be famous is that you get a lot of attention and I like it when people think that I'm their idol. On the other hand being famous can be very hard. I think famous people have many fake friends because they are only interested in the money.

Subject: Application

Dear Ms Carlington,

I saw your advert on the Internet. You're looking for volunteers as extras in various film productions. I would like to apply for this job. I'm really interested because I always feel good when I'm standing in front of a camera. At my school I'm a member of the drama club and I love it. My favourite types of films are comedy and action films so I would love being an extra in these types of movies. In my summer holiday my family and I will travel to California. We will arrive on 1st August 2020 and we'll stay for six weeks. In this way I could work as an extra for about five weeks. Now let me ask you the following questions. First of all in which location are you filming and how many hours will I have to work? Do you need a form from my parents that I'm allowed to work with you?

I hope you can answer my questions.

I'm looking forward to hearing from you soon.

Kind regards

Chris Schmidt

Filming a scene in the streets of San Francisco

Last year I went to San Francisco with my parents and we lived in a nice hotel in the city centre. One day we decided to walk through the big city. We went shopping and ate yummy food in the streets of San Francisco. On the way back to our hotel we saw many people taking photos. We went a little bit nearer to see what the crowd was looking at. "Look, they are making a film," said my mum. There were many cameras and a big microphone. I could see a couple wearing elegant clothes and next to them there was a very old car. And then something strange happened. Suddenly a big bucket with loads of water in it fell on the camera. Everybody was wondering where the bucket came from and then we saw it. There was a window cleaner who cleaned the windows of a shop. Unfortunately the camera didn't work anymore so the crew had to stop filming. What a pity! My family and I decided to go back to our hotel. One year later I went to the cinema with some friends. While watching the movie I realized that this must have been the movie they were filming in San Francisco. I was happy and told my friends about that special day.
